THINK IT THINK US

flexible solutions for your business needs

For more than 28 years, Dell has empowered countries, communities, customers and people everywhere to use technology to realize their dreams. Customers trust us to deliver technology solutions that help them do and achieve more, whether they're at home, work, school or anywhere in their world.

Dell is committed to delivering the services, solutions and products our customers need to drive their business goals and suit their lifestyles. By listening to our customers, Dell continues to identify areas to expand our offerings, and in some cases, we have acquired outstanding companies with expertise in those areas.

We hope to better serve the customers of the companies we acquire by preserving the characteristics that make that company successful, while leveraging Dell's strengths to grow the business and expand its offerings to Dell customers globally.

Some of the leading acquisitions as follows :

Sonicwall (UTM Firewall),
Appsure (Backup anywhere, optimize everywhere, recover always)
Force 10 Technologies (Datacenter Switches),
WYSE Technologies (Thin client)
